

Bute Park Riverside Border Layout

12th January 2024

This document shows the layout of the trees along the riverside border, walking south from the Millennium Bridge. Where available it includes landmarks such as the island flower beds and the railings overlooking the river bank.

- ◆ At the time of survey, most trees had lost their aluminium tags, but their numbers, shown in square brackets, are included.
- ◆ The girth (circumference), measured in 2022-2023, is shown inside round brackets sometimes includes the height at which the measurement was taken.
- ◆ British national grid reference, obtained through GPS, is given inside curly brackets
- ◆ ▲ Indicates a tree is evergreen.
- ◆ Additional comments are inside double quotes.
- ◆ "est." is used as an abbreviation for estimated.
